MISS FREDERICK VISITS SCHOOLS

Finds Evidence of Trachoma in Nearly Every District

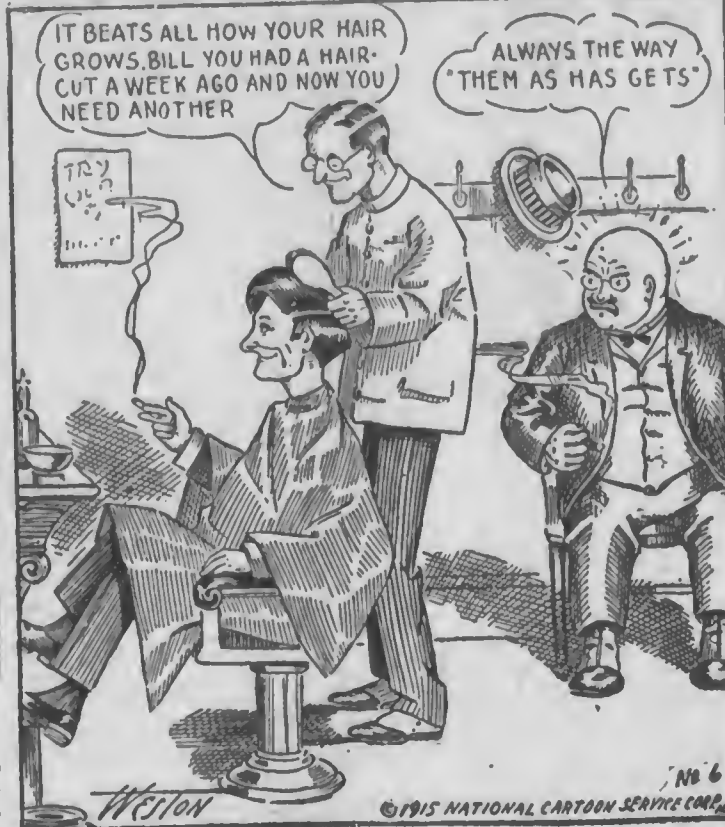

—Only Two Were Exempt

Miss Frederiek, the visiting nurse, has returned from an inspection of the schools in various parts of the county and will probably leave some time this week on another tour. The trip was made practically for the purpose of determining to what extent trachoma, the eye disease, prevails among the school children. Of the schools examined only two were entirely free from the disease.

On all examinations Miss Frederiek was accompanied by a doctor. Following is the list of schools visited and the doctors who were present: Copper Springs, Dr. C. A. Morton, of Hanson; Suthards, Dr. W. P. Ross, of Earlington; Gilliland and Craynor, Dr. Finley, of St. Charles; Hamby Station, Dr. Morris, of St. Charles; Norton, Good Hope and Daniel Boone, Dr. Veal, of Daniel Boone; Cross Roads, Ferguson, Walnut Grove, Union Grove, Charleston and Menner, Dr. Nichols, of Dawson Springs.

Trachoma was found in all of the schools except Ferguson and Craynor. A free clinic will be held this fall in several places in the county for the children who cannot afford to have their eyes treated.

THOSE THAT HAVE-GET BY A.T. WESTON

SOME OF THE MANY INTERESTING THINGS

To be Seen on the Bee's All River Trip to the Mammoth Cave

LEAVING SATURDAY AUGUST 26

When the Bee's party about forty strong, leave Evansville on Saturday, Aug. 26th, on the steamer Evansville they will start on one of the most interesting 412 mile river trips in this country. Among other things they will pass through six locks as follows: Lock No. 1 at Spottsville, Lock No. 2 at Rumsey, Lock No. 3 at Rochester, Lock No. 4 at Woodbury, Lock No. 5 at Massy Springs, Lock No. 6 at Brownsville. In addition to the novelty of passing through these locks the party will have the opportunity of viewing some of the most magnificent scenery on upper green river there is to be seen anywhere, the huge masses of rocks are piled up 200 feet high along the banks of the river reminding one of some of the old castles in England and Scotland described by Sir Walter Scott in Waverley Novels. The delightful scenery is not all, one of the chief pleasures of a river trip is to gather on the upper deck after supper and watch the passing scenery by moonlight while enjoying the cool river breeze and listening to sweet strains of music from the band below.

On these river trips everyone is allowed to do as they please as long as they please to do right. Everything possible is done for the comfort and enjoyment of all and it is just like a big house party. If you wish to shoot turtles off the logs, alright; if you wish to dance, music is furnished; if you wish to play "500" go to it; if you wish to read, take kodak pictures, go in the engine room or up in the pilot house, watch the deck hands ride calves and pigs down the bank into the river, you are free to do so, and nothing is said or thought about it, as the boat crew from Capt. Williams down, want you to have a good time. When you get to the cave your baggage is looked after and you have nothing to do but eat breakfast and get on your cave suit preparatory to taking one of the routes.

If you have ever been in Mammoth Cave you will never forget it. If you have never been you will always regret it. It is one of the great-

DELIGHTFUL OUTING

An outing was given by the Misses Hill in honor of the following guests: Misses Jesse Grant, Elizabeth and Mary Coome, of Evansville, and Mr. Carter Wallace, of Nashville, Miss also in honor of Misses O'Brien's visitors; Misses Margaret Garret and Louise Majors of Hopkinsville. A crowd of young people left Mr. O'Brian's residence at 4:30 for Lakeside Park where supper was prepared by the young ladies. After amusements themselves for a while in the park they then went to the home of Miss Hill where after amusing themselves with music, games and etc., they were invited into the dining hall and were given a most sumptuous repast of cream and cake. They then departed all expressing that they had enjoyed themselves to their hearts content. The following composed the party: Misses Virginia and Ester Oarnahan, Anna Lee Brannon, Jesse Grant, Elizabeth and Mary Coome, of Evansville, Kaie and Clara O'Brien, Margaret Garret, Louise Majors, of Hopkinsville, Bessie and Winnie Oavness, Anna, Margaret and Lillian Hill. Messrs. Carter Wallace, of Nashville, Miss., Howard Hicks, Herbert Barton, Olayborne Walters and Arthur Burelfield, of Madisonville, Red Butler, of Evansville, Eustance Mulvaney, George Cavanaugh, Hecla Foard, Mason Carnahan, Pete Brinkley, Miles Oappe, Olive Cobb, Kress Stick and Buck Naives.

est of nature's many great wonders, people come from all parts of the country and from across the ocean to see this wonderful subterranean cavern and are astonished at its magnitude and grandeur. Mammoth Cave lies at your very door and you will have an opportunity to see it under the most favorable circumstances by going with the Bee's party on Saturday Aug. 26th. The cost of the entire trip with all expenses paid will be \$17.50 from Earlington and \$15.00 from Evansville. Anyone wishing to take this trip may do so by sending their name and \$2.00 on or before Friday noon Aug. 25th so their state room may be reserved. A special coach will be put on Train 52 at this place Saturday, Aug. 26th and on Train 93 at Evansville Wednesday night, Aug. 30th, for the accommodation of the party. For further particulars call on or address "The Bee," Earlington, Ky.

EXPECT ORDERS TO MOVE TODAY

Kentucky Guardsmen Will Begin Actual Entraining Wednesday or Thursday

Ft. Thomas, Ky., Aug. 14.—Detail orders providing for the early entraining of the Kentucky brigade for the border are expected in camp today. The actual entraining is expected to begin Wednesday or Thursday. Seventy-two hours is the minimum laid down by the railroads as the time necessary for preparations incident to the movement of a brigade. Captain George Armstrong, quartermaster and commissary of the Kentucky Brigade, said today that J. F. Poindexter, secretary of the American railway association had reported to him that notification of extended movement of the Kentucky troops had been given to the railroad's representatives in Washington.

Two or three days will be necessary to prepare for the movement of the brigade. Commissary officers already have begun the collection of the necessary food supplies for the journey to the border.

During the period that the preparations are going forward, brigade officers are looking forward to an increase inflow of recruits. It is believed that the apparent certainty of border service will supply the needed stimulus and overcome the lethargy that set in with the subsidence of the Mexican crisis.

SENATOR SHERMAN CALLS GOMPERS A PUBLIC NUISANCE

"Lives on Sweat of Laborer and Gave Money to Defend Dynamiters," He says

Washington, Aug. 14.—President Samuel Gompers, of the American Federation of Labor, was characterized as a "public nuisance," by Senator Sherman, of Illinois, in a digression today from a Senate speech on the Shipping Bill.

"There is no more tyrannical, outrageous injustice than that of leaders who live on the sweat of other people's brow," said Senator Sherman. "Mr. Gompers is a public nuisance."

Referring to the Indianapolis and Los Angeles dynamite trials, Senator Sherman declared the federation president had "prostituted the cause of labor by using funds of laboring men for the defense of these criminals."

"Mr. Gompers never apologized to anybody," he continued, "but it was the most fortunate thing that ever happened to Mr. Gompers that he himself escaped indictment on these same charges."

"I've been owing this to Mr. Gompers for some time and I'm handing it to him now, and I'm responsible practically and personally."

W. J. BARNHILL DROPS DEAD

Just as we go to press the news comes that W. J. Barnhill, the well known liveryman of Madisonville, fell dead in his office at the livery stable of heart trouble. Mr. Barnhill has a large number of friends in this city who will regret to hear of his sudden death.

Suffering in silence is commendable, but it is a dinged hard job to pull off.

NO NOTIFICATION AT FT. THOMAS

News From Washington That Troops Will Move Soon

TRAVEL RATIONS MUST COME FROM ST. LOUIS

Washington, Aug. 14.—Adjutant General McCain said at noon that the Kentucky troops would leave for the border immediately transportation is arranged for them.

He told Representative Stierley that the question of equipment would not be permitted to delay the departure. Therefore, the time when the entire guard will be on its way will rest entirely with the transportation companies.

Fort Thomas, Ky., Aug. 14.—The Kentucky brigade officers were still without official orders from Washington regarding the movement to the border. Gen. Williams and other officers said they expected detailed orders some time today.

The quartermaster's department of the different units started early this morning packing all surplus equipment and supplies. The packing of boxes and the noise of the hammer were sweet music to the ears of the guardsmen and the men went at their work with a will.

There is some doubt in the minds of the officers as to when the troops will start. The railroads are believed to be assembling cars near here for the trip South.

Another indication that the department means business was that on instructions from the Department of the East, Capt. Zointer, of the United States Quartermaster Department, ordered by telegraph travel rations for ten days for the troops. The rations have to come from St. Louis and will be rushed here at once.

That the order from Washington to move to the border has put more life and spirit into the guard as a whole is evident here this morning. Recruiting is proceeding at a better clip and the numbers are jumping fast.

FLOUR SELLING \$8 PER BARREL

If Rise Continues Many People Will be Forced to Eat Corn Bread

The price of flour has jumped skyward and is now selling at \$8 per barrel with the prospects that it will go higher. The price has increased \$1.50 during the past month and about \$2.50 during the past two months. Local grocers are now selling 24 pound sacks at \$1.00, or approximately that amount.

The last jump made here was 50 cents on the barrel and in New York last week it sold all the from \$5 to \$9 a barrel, an advance of 80 cents since the week before. If the rise continues, which it will probably do, a lot of folks will be compelled to rely principally upon corn bread.

Sugar has dropped a little on the local market, but the price will probably remain stationary until fall or winter.

No, sister, marriage is never a failure. It only slips a few cogs and smashes the rest and then forgets to hunt the repair man.

tucky National Guard was more or-
derly than pay day for a regiment of
regulars when they were stationed at
Ft. Thomas, according to citizens of
that place. The sum of \$85,000 was
distributed among the men, and the
dispensing of money was accompanied
by a minimum of disorder.

Mrs. Barilda Hinton, probably the
largest woman in Kentucky, died at

When Dr. C. G. Daugherty's touring
car stalled on the railroad crossing
on the Clintonville pike near Paris on
a recent night, Judge Denis Dundon,
who was in the car with him, set fire
to a new \$10 Panhard car to use as a
torch to flag an approaching train.
His sacrifice was in vain, as the train
struck and demolished the car. Judge
Dundon suffered a sprained ankle in
running up the track. Both reside in
Paris.

While few Kentucky employers are
refusing to accept the compensation
act, quite a number of employees have
refused to come in, and riders are be-
ing attached to compensation policies
to cover this feature. If the employee
refuses to accept the act the employer
retains the old common-law defenses.
The board has adopted the rule of not
publishing names of persons injured,
so as not to encourage "ambulance
chasing."

Enthusiasm prevailed Saturday at
Ft. Thomas when the word was re-
ceived that the War Department had
included the Kentucky state guard in
its latest call for 25,000 volunteers for
service on the Mexican border. The
men who have been most pessimistic
over the failure of the order to arrive
led the cheering. But men are needed
before there will be any move border-
ward and the gaps in the various com-
panies caused by the rigid physical ex-
aminations will have to be filled.

A DAUGHTER OF THE GODS

Writers of fiction and the dra-
ma have woven some very erron-
eous impressions about people
who are hidden in the back-
ground, and are known in a hazy
way as the "models" to whom ar-
tists look for the inspiration for
their work. A "model" does not
necessarily have to come from
Paris' Latin Quarter, or run bare
footed and bare-legged along the
banks of Tennyson's Brook dur-
ing midsummer days. This is
emphasized in the great master-
piece of Paul Wayland Bartlett,
whose allegorical representation of
"the American Nation" has
just been unveiled in its perma-
nent position on the east front
of the Capitol building at Wash-
ington. Cut deep in marble are
the representative figures of
"Progress," "Peace Protecting
Genius," "Agriculture," "The
Harvest," etc. But the most
strikingly attractive of all the
figures is the one representing
"Industry." It shows a woman
at a spinning wheel measuring
the cloth after it has been spun.
The figure of Mrs. Samuel Tay-

DON'T DELAY

Some Earlinton People Have Learned
That Neglect Is Dangerous

The slightest symptoms of kidney
trouble is far too serious to be over-
looked. It's the small, neglected
troubles that so often lead to serious
kidney ailments. That pain in the
"small" of your back, that urinary
irregularity; those headaches and
dizzy spells; that weak, weary, worn-
out feeling, may be nature's warn-
ing of kidney weakness. Why risk
your life by neglecting these symp-
toms? Reach the cause of the trou-
ble while there yet is time—begin
treating your kidneys at once with a
tried and proven kidney remedy.
Don't need to experiment—Doan's
Kidney Pills have been successfully
used in thousands of cases of kid-
ney trouble for over 50 years. Doan's
Kidney Pills are used and recom-
mended throughout the civilized
world. Convincing testimony fol-
lows:

Mrs. E. B. Alls, West Main St.,
Seaside, Ky., says: "I had sharp
twinges across my loins. One box
of Doan's Kidney Pills cured me
and made my kidneys normal. I
highly recommend this medicine to
anyone suffering from kidney trou-
ble, as it lives up to all the claims
made for it."

Prophets Were at Fault

Several years ago a cumber-
some contrivance on two wheels
made its appearance and created
a furor of ridicule, laughter and
jeers. It was a bicycle. It was
called a rich man's toy and a
molecoddles' plaything and a
short life was predicted. But
the prophets were at fault, the
bicycle became the greatest craze
of its day, and now is in general
use as a practical necessity for
people who find it necessary to
cover ground hurriedly and yet
can not afford the more expen-
sive means.

A few years later another new
looking monster puffed and snort-
ed and rattled its way into public
notice, leaving in its wake a
streak of smoke and foul smell-
ing odors. It was the automobile
and it, too, was greeted with wild
shouts and grimaces of ridicule.
The wise and the unwise both
predicted its failure as a practi-
cal vehicle of motive power. Yet
the millions in use today testify
to the falseness of the greatest
of our prophets.

A few weeks ago there appear-
ed in one of our Atlantic coast
ports a great and powerful mer-
chant submarine. It came from
Germany and had nosed its way
beneath the surface into neutral
waters despite the watchfulness
of the warships of the allies.
Another furor was created and
the newspapers were filled with
accounts of the wonderful craft
that had made its way across the
Atlantic with a cargo of goods.
Again the prophets see failure
ahead, but there are those who
believe the Deutschland to be
but the harbinger of a great fleet
of underwater craft capable of
conducting commercial relations
with other countries irrespective
of blockades or enemy ships of
war.

These few instances but illus-
trate the fact that the ingenuity
of man is yet in its infancy, that
the surface of scientific discovery
has scarcely been scratched, and
that our children and our child-
ren's children will look back upon
1916 as we think of the Dark
Ages, when the mind of man was
sleeping in its cradle of lethargy.

DAILY MUSICAL TREAT AT STATE FAIR BY NATIELLO'S ROYAL HUSSAR BAND

Marianne Conway and Signor Ernesto Natiello.

THIRTY-FIVE high-class musicians, including the famous bandmaster Signor Ernesto Natiello and noted soloists and instrumentalists, constitute the Natiello's Royal Hussar Band that will be the big feature at the Kentucky State Fair September 11-16. The management was very fortunate in securing this band, for there is none better in the country. All the men will be attired in white Hussar uniforms that give the band a distinction all its own.

Both the band and the soloists carry out Signor Natiello's long-known motto—"Give the people the music they want." This gives satisfaction all around and pleases everyone. The programs, which are changed daily, include both popular and classic selections.

The soloist with the band is Marianne Conway, one of the foremost concert sopranos in the United States. She has sung with the Boston Falletts, Theodore Roehmhlid's Orchestra, Rich. Max Hornig's Orchestra and others of similar standing. Her voice is said to be very fine and has a range that enables her to sing all classes of pieces.

A feature that is attracting much attention wherever the Natiello Band appears is the Una-Fon, a new instrument. It is played like a piano and has a rich tone that can be heard at great distance. This band is the first to include the Una-Fon in its equipment.

Leader of Ability.

Ernesto Natiello, leader of the celebrated band of thirty-five pieces bearing his name, which will be a feature of the Kentucky State Fair, was born in Italy in 1878. Six years later his father, Signor Antonio Natiello, came to America and was appointed bandmaster on the United States Ship Brooklyn. He made Ernesto cornet soloist in a band he had organized in Philadelphia.

In 1889 Ernesto returned to Europe to finish his musical studies. Attaining the highest degree of perfection on the cornet, young Natiello came back to the United States as soloist with the famous Band of Milan. After an American tour, he returned to Naples and enlisted in the Italian army, serving as cornetist in his regiment for six months. Then he again came to America and joined a prominent band, shortly after which he recruited a musical organization of his own.

NEW SADDLE HORSE STARS

To Prance for Prizes in Banner Rings at Coming Kentucky State Fair.

WHEN the pavilion gates swing wide for the entrants in the four greatest horse events listed for the fourteenth annual Kentucky State Fair, to be held September 11-16, it is surmised that not one of the proud high-steppers in the Championship Five-Gaited Saddle Horse ring formerly known as the Commissioner of Agriculture's Five-Gaited Saddle Horse Stake, held Friday night of the Fair—the Kentucky Championship Roadster Stakes to be shown Tuesday night of the Fair—the Kentucky Championship Fine Harness Stakes to be shown Wednesday night of the Fair and the new feature, a Championship Three-Gaited Saddle Horse stake, which will be shown Saturday afternoon of the Fair, will be recognized by horsemen or a horse-loving public as ever having performed on the tanhark oval of the great Kentucky show ring. While the list of nominators includes many of the former "stand-bys" of the Fair it is well known to those posted in horse history that a phenomenal number of the most noted horses of the past decade owned by them have departed from Kentucky borders, among the list being R. E. Moreland's beautiful Cascade, which has been sold to a Pennsylvania horseman; Powhatan Stock Farm's brilliant prize winner, Rectina, who has also been deported to Pennsylvania; W. G. Shropshire's matchless Hazel Dawn, which was sold two seasons ago to Cuba's president, and her stable mate, Jack Barrymore, who was recently shipped to California as show horse at the Exposition; W. S. Nicoll's Kentucky's Queen; E. D. Moore's My Idol, sold into New York; A. G. Jones & Son's Princess V., who has also been shipped to Pennsylvania; P. W. Ray's Sundowner, sold into Pennsylvania; Mrs. R. T. Lowndes' famous Mary Vandell Fox and Beautiful Kentucky's Choice, and Boh Moreland's Nicoll Plate, which has been sold into Missouri.

The above named have all figured in the celebrated Kentucky State Fair and other noted rings. In the fine harness and three-gaited stakes departed notables of horse-flesh are Gosasp, champion three-gaited mare; Clara Bell, champion fine harness mare; Winchester, champion fine harness gelding; Ethel Mac and Gladys Coulter, champion road mares, and Ebony King, champion road mare.

Increased Purse.

Instead of offering the former prize awards is a flat sum in connection with the four features mentioned

above, the State Fair management has announced the more tempting plan of listing all the entry moneys in a lump sum and adding to it for the Champion Five-Gaited Saddle Horse stake \$1,000 in cash and a handsome silver trophy; for both the Kentucky Championship Roadster stake and the Kentucky Championship Fine Harness Stake, \$500 additional to the entry moneys, and in the new three-gaited saddle horse stake the bonus added to the entry money will be \$200. As this stake is new to State Fair history, the entrants in same will, of necessity, be new to horsemen. In the fine harness stake the prospects are likewise for new blood. In the roadster stakes it is anticipated that the greatest lot of entries ever shown in a like event will be listed for the contest. Those who have purchased nominations above are:

Postage Stamps

Quite naturally it remained for Philadelphia scientists to discover that postage stamps are germ carriers. A medical journal of the Quaker city carries the disconcerting information that, out of fifty stamps tested, forty eight yielded bacteria. However, the public need not be discouraged since it was found, with the possible exception of two cases, that none of the germs isolated could cause disease. The Philadelphians find drug store stamps to be the worst of all, and in one particular pill shop, postage stamps were badly infected with tuberculosis and lesser ills.

Institutional Treatment of Tuberculosis

means that the patient is given constant attention; that the regime which is found to be best adapted to the case is rigidly adhered to; that a resident physician is at hand all of the time, studying the case and adapting the treatment to it; that nursing service is of the best. All of these things mean improvement, greater comfort and possible recovery. Hazelwood is operated without profit by the Louisville Anti-Tuberculosis Association. Rates \$12.50 a week.
